ABOUT ME

My passion for technology began at the young age of 13, when my curiosity inspired me to start coding my own game modifications in JavaScript with NodeJS. Now, my academic journey at Nova Scotia Community College has equipped me with a solid foundation in industry-standard technologies, finally preparing me for work experience.

SKILLS

Agile | Python | Java | HTML | CSS | JavaScript | TypeScript | JSON | Git | Apache | Docker | Linux | AWS | DevOps
Adaptability | Time Management | Communication | Problem Solving | Teamwork | Quick Learning | Self Learning
